Amsteel Blue® Synthetic Rope Models

2-20-A-SLT	20 feet	2 ton (4,000 lbs.)	4 ton (8,000 lbs.)*	5/16" Amsteel Blue	22.8	25	\$ 318.90
3-35-A-SLT	35 feet	3 ton (6,000 lbs.)	6 ton (12,000 lbs.)*	5/16" Amsteel Blue	24.2	26	378.20

*Pull/Drag Ratings for comparison only. Winches and a few pullers are rated this way. There are too many variables to determine a scientific drag/pull rating, however, the commonly used ratio is 2:1. Variables include surface type (mud/rocks +), the incline, type of object being dragged, etc. The Pull/Drag Rating is mainly used for an object with wheels (vehicle).
